This is very sweet and cute puzzle game. It gave me nostalgia about the childhood times when I loved to play similar puzzle adventures on my first PC. Everything made with love in the game.. Raccoon's slip and fall animation is hilarious !. So haven't played such interesting puzzle for a long time. Addictive and some levels made me think hard. That's it if you are looking for an indie to spend a good time with. 10 cookies out of 10.. This is very sweet and cute puzzle game.
